## Maurice Bombezin Awarded Life Membership

At our April meeting Maurice was awarded a Life Membership by outgoing president Bob Taylor.

Testimonial by Jane Palin:

Speaking as a novice, I know how lucky we are to have Maurice as a resource person in our club. In his role as teacher and mentor he has helped many of us overcome our fear of cutting that first branch, and has encouraged us to hone our skills and follow our passion.

How many of you are graduates of Bonsai 101?

How many of you have ever asked Maurice for advice?

[Just about everyone]

Maurice has these qualities which make a good teacher:

Patience - He never makes you feel ignorant for asking a question.

- he seems tireless in explaining the same point over and over.

Enthusiasm - Maurice's evident love of bonsai is contagious! And he will work for hours help members with their trees.

Knowledge - He is willing to pass on his knowledge from many years of practicing the art of bonsai.

For all he has given to the Club, Maurice has certainly earned the honour of becoming a Life Member.
