Tak Yamaura Demonstration

Our meeting in June saw Tak Yamaura from Japan Bonsai pay our club a visit and put on a very informative demonstration as he worked on a Shimpaku Juniper which he so generously donated to the club.

As Tak worked on the tree he discussed what he was doing, why, and answered many questions from the audience, even to such things as how to propagate cuttings, fertilizer regimen, and aftercare of the juniper.

Thank-you very much Tak, it was a most enjoyable evening.
